Hi Lori,

Given the current circumstances with the transition and new executive orders, I'd like to propose that we table the monthly DACA working group meeting for the time being and remove it from the calendar. Do you agree?

We will continue to have our weekly check-in meetings with the other components and of course will raise anything that requires your attention on an as needed basis. If we need to reestablish a monthly meeting in the future we can set up a new calendar invite.

I look forward to hearing your thoughts.

James,

In talking to Bob and Kevin, I copied the incorrect number of approvals for DACA renewals (Changed from 802,615 to 729,067). I've updated the figures below. Sorry for any confusion.

Thanks,

Ron,

I was not given any instruction on whether the memo will be a general guidance or a step-by-step SOP. Your input is very thorough and I would like to keep it the way it is for the time being. I am deeply grateful to your team for their quick response to this request for assistance.

Michael,

Please find attached the HFE SGN document with SCOPS input addressing SCOPS' actions on DACA requests, TPS applications, and NIV petitions (indicated in red font). If you feel that we should use a more generic shorter response, please let me know.

Thanks,
Ron

Hi. I took a super quick look. For what it's worth, here are some initial thoughts. Depending on how you read this, I think it does impact us. I put some comment bubbles in the PDF. You just have to click on the yellow bubble and then the comment will come up.

Cheers!

Sorry for delay. RAIO will have some comments shortly on slide 8. Recommend that you also share with FDNS for review, given impact of the executive orders on FDNS and therefore the USCIS budget.

In particular, we are pulling together some suggestions for this language on slide 8.

– Impact of possible new Executive Orders:

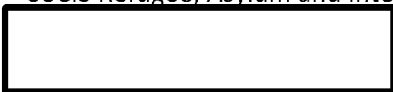

Again, will provide more, but I wanted to go ahead and get this out there.

When do you need final review/input?

Mike, all-

I made a few edits to the attached slide deck and welcome your feedback as to whether any additional content is needed to best present our status update.

Mike- I added the following bullet to page 6 that I believe may help further explain the backlogs condition:

After I hear back from everyone I will share with Kevin and Tracy to get their feedback on the deck before giving OMB a preview.

All-

Patrick Mellon would like an update from USCIS on backlogs. He has detailed his request in the e-mail below. I've been asked to coordinate our update of the attached briefing deck used to brief OMB last November. I don't have a copy of the final briefing used, only the attached OMB pass back version that included Patrick's edits. Patrick doesn't need additional information on the context or make-up of the backlog, unless something has materially changed from November. Rather, he is requesting that we provide our update by addressing the following items:
